ROHIT KUMAR

Full Stack Development Intern Candidate
Noida Sector 147 | +91 8709278886 | kumarguptarohit066@gmail.com | LinkedIn | Github

PROFESSIONAL SUMMARY

B.Tech Computer Science student (2027) with **full-stack development** experience building responsive, **CRUD-driven** web applications using **HTML5, CSS3, JavaScript (ES6+), PHP, MySQL, and Python**. Experienced in **RESTful API integration**, **workflow automation**, and **data processing**, with a record of shipping complete, working applications. Strong in **problem-solving**, **debugging**, and **code reviews**, and comfortable **translating business requirements** into working features. Seeking a **Software Developer** role to build **scalable**, **maintainable** solutions that **eliminate manual tasks** and **simplify business processes**.

TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), Python, Java, SQL, HTML5, CSS3
- **Front-End: Responsive design**, **cross-browser** compatibility and testing, UI/UX implementation
- **Back-End & APIs: RESTful API integration**, **server-side business logic**
- **Databases:** MySQL, **SQL schema design**, **CRUD operations**
- **Automation & Data: Workflow automation**, **data cleaning & preprocessing**, Pandas, NumPy, OpenPyXL, Matplotlib, Seaborn, automated DOCX/PDF/PPTX generation
- **Core Concepts: Data Structures & Algorithms**, **Object-Oriented Programming (OOP)**, **performance optimization**, **clean code**
- **Tools & Practices: Git & GitHub**, VS Code, **code reviews**, **debugging**, front-end performance basics

EXPERIENCE

Software Development Intern (PHP), Meander Software Pvt. Ltd. *Jul 2023 – Aug 2023*
Mohali

- Developed dynamic, user-facing web applications with **PHP and MySQL**, implementing **end-to-end CRUD operations** and **server-side business logic**
- **Debugged** and optimized front-end and back-end code, contributing to **performance improvements** that enhanced the overall user experience
- **Collaborated** within an existing codebase, following established **coding practices** and **code review** standards to ship features

Web & Mobile Development Intern, IBM Developer Skills Network *Sep 2025 – Nov 2025*

- Completed a structured six-week program covering **front-end, back-end, and mobile development**, including **responsive design** and **API-driven applications**
- Applied **HTML, CSS, and JavaScript** to real-world scenarios, **translating requirements** into functional web pages

PROJECTS

Agentc: AI Training & Student Management Platform *github.com/im-rohit87/Student_Report*
Python, Streamlit, Pandas, OpenPyXL, python-docx, python-pptx, NumPy

- Built a full-stack **web platform** with a centralized, multi-page dashboard that **automates** academic and administrative workflows, **eliminating repetitive manual tasks** such as grading and documentation
- Designed a user-facing interface integrating student portals, **automated grade calculation**, certificate generation, an AI chatbot (**emerging technology**), and performance analytics
- Implemented **back-end data processing** with Excel and OpenPyXL, and **automated** DOCX, PDF, and PPT generation; **debugged** data-pipeline issues to ensure reliable output

Food Ordering Web Application *github.com/im-rohit87/Food-ordering-page*
HTML, CSS, JavaScript, Google Maps API, Leaflet.js

- Developed a **responsive** front-end with **cart functionality**, **dynamic pricing**, and **real-time order tracking**
- Integrated **Google Maps** and **Leaflet.js third-party APIs** to display restaurant locations and live delivery tracking; tested across devices

EDUCATION

B.Tech, Computer Science Engineering, Lloyd Institute of Management and Technology *2024 – 2027*
Diploma, Computer Science Engineering, Govt. Polytechnic College, Mohali *GPA: 70%*
Higher Secondary, UPMSP *GPA: 72%*

CERTIFICATIONS

- Wells Fargo Job Simulation
- Walmart USA Advanced Software Engineering Job Simulation
